

*In our series of emails preparing for spring season and parent/player/coach meeting on November 30th that all players must attend:*

**TEAM GEAR ORDERS: PLEASE READ THIS RATHER COMPLEX (sorry) EMAIL CAREFULLY**

Greetings!

Our PCLO spring registration fees ***include*** a team gear kit (pinnies, shooting shirt, use of PCLO owned jerseys, etc.) that all players receive at the start of the season (Mesquite Winter Training Camp). This year there will be some significant changes to how we manage the logistics of ordering these kits as we try to avoid problems we have had in the past:

- The standard kits include one shooting shirt (white with red trim). This year all players and families can ***optionally*** order additional shirts. The second optional shirt for \$35 will be red with white trim. *See attachment for a shooting shirt graphic.*
- We would like to print players' last names on the backs of these shirts, but due to lead times cannot wait until our typical registration closes to order the shirts. For families that would like to take advantage of printing names on shooting shirts, we are opening up registration on November 15th this year and closing early registration (for this purpose only) on December 2nd. No families/players are required to complete this early registration. Those who choose not to do so will receive the identical shirt(s), but without names printed (as long as you complete registrations by the listed deadlines). JV and Varsity shooting shirts will be identical this year. For those who would prefer to wait until after tryouts (January 9th) to register, please keep in mind that for the last couple of years we have not cut any players and never more than 3-5 players.
- We require all players to have official red (with black trim) Park City Lacrosse game shorts. All registered freshman will automatically have shorts ordered for them and be charged for these shorts (shorts are owned by players). The order spreadsheet described below will already have an entry for shorts for all freshman (if you are a freshman family and shorts are not entered in this form please do so). Any players (including returning players) who would like an additional pair of shorts will be able to order them through the process described below. Those returning players who have lost their shorts must order at least one pair of these shorts using the process described below.
- A two piece, cold-weather undergarment "base layer" suit printed with Park City Lacrosse (see "Base" attachment) will be provided as another ***option*** for our players. The shirt will sell for \$55 and the pants \$45. Typical cold weather undergarments have a problem in that they are made with slippery material which causes elbow guards to ride up/down on a player's arms (so players don't wear them!). Our version has been custom designed with a "squiggle" of a rubber type material applied in strips around the elbows to avoid this. **There is no requirement that players order these**, but we strongly recommend that all of our players have something similar (the team gear kit will not include a warm-up suit this year) in their kit as we will be practicing outdoors much more this spring (Quinn's turf field will have snow removal!!), starting at the end of February! Please note that we will only be ordering the base layer suit with our main order of team gear. There will be no opportunity to order this stuff at a later date.

**So here is the ordering/registration process:**

1. IF YOU WANT NAMES PRINTED ON YOUR SHIRTS AT NO EXTRA CHARGE, beginning November 15th and then ending December 2nd, go to our web site at [parkcitylax.org](http://parkcitylax.org), click on boys, then registration, then spring registration and register for our PCLO spring season. You may complete your Mesquite winter camp registration at the same time, but you are not required to do so.
2. IF YOU JUST WANT EXTRA OPTIONAL GEAR but do not want to register early, proceed to #3 below.
3. Open up the link shown at the bottom of this email that will take you to a shared Google spreadsheet. If you do not have a Google account, you will need one to open this spreadsheet. If you would prefer not to set up an account, you will be able to fill out the form manually at our parent/player/coach meeting (but plan on getting to the meeting early) on November 30th.
4. When you are in the spreadsheet, find the row with your son's name (if not there enter name at bottom) and fill out the sheet. There is a box to enter if you would like shorts, extra shirts, the base layer top and/or bottom, etc. **MOST IMPORTANTLY ENTER THE SIZE YOUR PLAYER WANTS.** For sizing purposes, my son Jake who is 5'8" and 150lbs is between a medium and large but will be wearing large, though he likes loose fitting stuff for lacrosse. Please do not fill in entries in columns C, K or L (this will be done at our meeting).
5. Even if you are not buying any additional gear, or registering early we still need you to fill out the SIZE information on this spreadsheet, ideally ahead of our meeting or at the meeting. **We cannot order the kit for your son without size information.** IF YOU DO NOT FILL OUT SIZE INFORMATION EITHER AHEAD OF TIME OR AT THE PARENT/PLAYER/COACH MEETING (mandatory attendance) WE CANNOT GUARANTEE THAT WE WILL PROVIDE A KIT for your son.
6. Note the total column for your order and bring a check payable to PCLO to our meeting on November 30th. Those not purchasing optional gear do not need to bring a check (other than for freshman shorts). **Remember, if you want names on the back of shooting shirts, you must fill out this form and register prior to December 2nd.**

Look for an email from Linda Eisenbarth on Monday regarding further instructions for spring registration. In the meantime, if you have registration questions, feel free to email Linda Eisenbarth; [linda@onlineuc.net](mailto:linda@onlineuc.net).

If you have any question about this program (or anything else for that matter), feel free to email me.

Thanks!

Andrew Gutman
